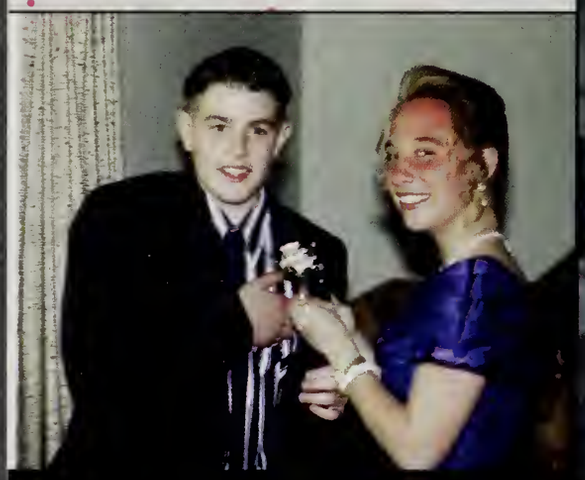
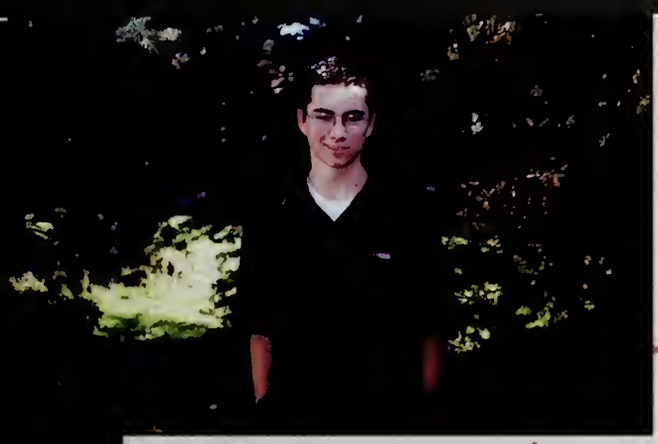
LEAVING ITS MARK
Hanson's eighth grade rec left such an impression on Jared Logan and Kelly Dynan that they shared a few special moments together at their junior prom.



A SENIOR TRADITION
The Court for Mr. and Ms. Whitman-Hanson include: Tamara Bernard, Scott Nascarella, Paula Post, William Hurley, Erin Toomey, Andrew Kenealy,Amy Johnson, and Matthew Melanson.



Mark Sirignano is one of eight graduating seniors with that special name of Mark. Short, handsome, and a great personality make it easy for Mark to have left his mark as his "own person".

LEAVING OUR MARK

..... SENIORS .....

We're Daring and Different

SENIOR YEAR HAS FINALLY ARRIVED! THE CLASS OF 1997 HAS LEFT ITS MARK ON WHITMAN-HANSON IN MANY WAYS, JUST AS IT WILL LEAVE ITS MARK ON SOCIETY IN FUTURE YEARS. THE SENIOR COLOR SECTION OF THE YEARBOOK ILLUSTRATES HOW DARING AND DIFFERENT THE SENIORS ARE.

FROM MEMORIES OF THE PAST TO JUNIOR PROM OF LAST YEAR, FROM SUMMER PICTURES OF LAST YEAR TO BEST FRIENDS OF TODAY, FROM NOW AND THEN TO SENIOR SUPERLATIVES, NO MATTER THE YEAR, THE SENIORS HAVE BEEN DARING AND DIFFERENT. WITHOUT A DOUBT, THEY HAVE LEFT THEIR MARK.

Shelley Donovan and Laura Rothwell have been best friends for a long time. They work together at Dunkin' Donuts, socialize together, and depend on each other for mutual support.

MEMORIES

Below; Gregory Mara as "Marley" and Ataul Ahmad as "Scrooge" prepare to make their big debut in the 7th grade Christmas play. Ten years from now we may be seeing them on Broadway.

Above:Tamara Bernard, Jayne Gillis, and Christina Hennessy act goofy on the bus waiting to go to a track meet. Hurry up girls - you wouldn't want to "run" out of time. The clock is ticking.

"Kissy Face" need we say more! Matthew Daley and William Hurley pucker up.

On their 6th grade boat trip down the Cape Cod Canal, Jennifer Hirtle and Jennifer DeChellis show their pearly whites.

Right: JoAnn Valle and "her hair" are on her 4th grade field trip to theU.S.S. Constitution.

LEAVING HER MARK

Enthusiasm and energy aptly describe Senior Paula Post, W-H's President of Student Council. "She has energized the council by leading it to become an active force," says Mr. Robert Resnick, W-H's Student Council Advisor. In addition to being instrumental in initiating and running W-H's first annual Fall Festival, Paula also is responsible this year for the Blood Drive, the Senior Wall, and Senior Community Service Activities. Although not quite sure what college she will attend, Paula will pursue a career in science with a minor in education.

Andrew Kenealy, W-H's friendliest male, whose parents and grandparents also graduated from W-H, says, "Whitman-Hanson has left its mark on me in numerous ways. I have not only received a great education, but I have also made many friends and been involved with many great extracurricular activities. This school has helped me sharpen my mind and my social skills."

Below: Sara Minicucci says, "Whitman-Hanson has left its mark on me by allowing me to experience people on a global and local scale; in addition, I've made new friendships along the way."

Senior Class President Steven LaMarre, Secretary Gina Nawazelski, Vice-President Andrew Kenealy, and Treasurer Robert Munstis, with Class Advisors, Mr. William Thrasher and Mrs. Colleen Maccini, show how the class advisors have pushed the Class of 1997 through all their years at High School.

LEAVING HER MARK
Mrs. Mary C. Meagher
Whitman-Hanson Guidance Counselor

This is the final year that Whitman-Hanson will have Mrs. Mary Meagher present as Guidance Counselor. Mrs. Meagher has been one of W-H's outstanding counselors for the past twenty-four years and is retiring this year.

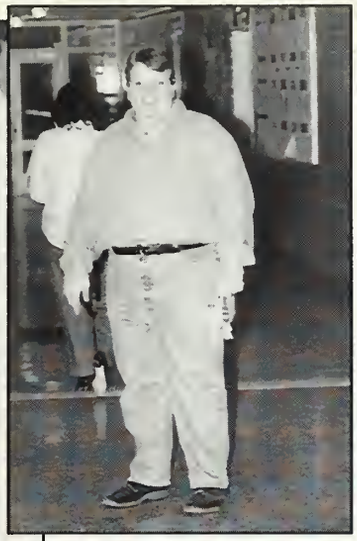
Mrs. Meagher says, "It has been joyous working with the students and faculty of the Whitman-Hanson community." She says that the students have kept her up to date, informed with their lives, and their interests for the future. She adds, "the future is exciting for the students at W-H, especially with all the new programs."

Mrs. Meagher says that she is looking forward to the future and is anticipating the upcoming changes in her life. Arising at 6:30 or 7:00 a.m., instead of 4:30 a.m., spending time doing research in her own interests at the three major universities in Boston, volunteering to help children learn to read by the time they are 8, and traveling around the country, including Portland, Oregon to see her daughter are just a few of the positive changes she is looking forward to.

Mrs. Shirley Howard, Whitman-Hanson's Guidance Director, says of Mrs. Meagher, "Mrs. Meagher's contributions to Whitman-Hanson are exceptional. Over the years she has quietly and confidently counseled all levels of students, as well as their parents, teachers, and administrators. Her compassion and ability to see the "whole picture" of a situation have helped us all keep everything in perspective. I have benefitted tremendously from her experience and wisdom, and I thank her from the bottom of my heart. Well done, Mrs. Meagher, well done!"

Left: Mr. Robert Gay was rounding out his first year as Principal with Mrs. Gay and Shannon Curren at last year's senior prom.

Mr. Michael Grable of the Special Needs Department was voted by the students to be the honorary kisser of the goat for the drama fundraiser at the end of the '96 school year.



Mr. Mark McNeil, W-H's very own Drama Club Advisor, has left his mark for sure on the school. In the last three years, Mr. McNeil has breathed new life into the drama program. He has directed seven successful performances including: *Annie Get Your Gun; Joseph and the Amazing Technicolored Dreamcoat; The Diviners, Brigadoon, Irma Vep, The Secret Garden,* and *Crazy for You.* Indeed, Mr. Mark McNeil has helped Whitman-Hanson develop a new appreciation for the arts.

PERSONNEL

We're Intellectual And Inspiring

BEHIND EVERY SUCCESSFUL STUDENT THERE'S AN ENTIRE CREW OF PERSONNEL WORKING TOGETHER TO HELP EACH STUDENT ACHIEVE HIS/HER GOALS. AT WHITMAN-HANSON, STUDENTS WHO HAVE LEFT THEIR MARK HAVE HAD TEACHERS BEHIND THEM WHO HAVE INSPIRED AND MOTIVATED THEM TO ACHIEVE THEIR POTENTIAL. STUDENTS SEEK DIFFERENT FACULTY MEMBERS FOR THEIR GUIDANCE, THEIR UNDERSTANDING, AND OF COURSE THEIR ABILITY TO TEACH. TEACHERS DEDICATE MANY HOURS TO NOT ONLY THE REGULAR SCHOOL DAY, BUT ALSO TO ADDITIONAL TASKS, SUCH AS ONE ON ONE TUTORING, AFTER SCHOOL CLUBS AND ACTIVITIES, AND ALSO SPORTS. ADMINISTRATORS, SECRETARIES, GUIDANCE COUNSELORS, CUSTODIANS, MAINTENANCE PEOPLE, LUNCH LADIES, AND OTHER PERSONNEL HAVE WORKED HARD TO MAKE WHITMAN-HANSON A SPECIAL PLACE FOR THE STUDENTS. THIS NEXT SECTION OF THE 1997 YEARBOOK FEATURES THE PERSONNEL AT THEIR BEST AND PORTRAITS OF STUDENTS WITH FACULTY MEMBERS WHO HAVE LEFT THEIR MARK ON THEM. THANKS TEACHERS. YOU'VE BEEN "RE-MARK-ABLE" TO US!

Mr. Thomas Fox

"I will miss the kids; I estimate that I've taught about 6,000 of them at Whitman-Hanson, but I won't miss the early wake up at quarter to five," says Mr. Tom Fox, a 34 year veteran of the Whitman-Hanson teaching staff. Mr. Fox has taught in the Social Studies Department [almost forever], teaching courses such as U.S. History, Economics, Aviation [Mr. Fox has a commercial pilot license], and Military History.
My fondest memories? ... well, he says, again with a little smile, "I will always remember the stories about history that my esteemed colleague and friend Mr. Cole and I have made up through the years [and the students have believed them], but I'm looking forward to doing some traveling, playing some golf, working part time, staying involved, and enjoying life while I'm still in good health." "I just want to have the time to do other things," he says quietly.

Mr. Fox came to Whitman-Hanson "by chance". While working for Procter and Gamble in New York, he left his job to travel to Europe and Nigeria with a cousin, who he said needed "looking after". When Mr. Fox came back from his travels, he began substituting at Whitman-Hanson and found that he "liked the kids and that they made life interesting." Thus began his career in teaching. Prior to that, Mr. Fox, an only child who had grown up in Brockton, had graduated from Stonehill College and then served a 3 year stint in the Marines. As an Artillery Officer in the Marines, he was in charge of teaching his men about guns and ammunition. Later, he moved into the Personnel Field and eventually left the Marines as a Captain in the Reserves. His interest in the military, however, continues today, as he currently is working on a second Masters Degree in Military History from the American Military University.

Legends always follow someone who has devoted so much of his time to a particular endeavor. It will takes years for Mr. Fox's reputation as a "male chauvinist" to disassociate from his persona, although he denies this description of himself vehemently. He says he certainly can make the coffee [and has done so every morning at W-H for 22 years], can do a mean load of laundry, can cook a very rare steak to perfection, vacuums, and in general thinks that women are, except for some military specialties, equally as capable as men, and one in particular could probably rule the country.

The military man, quiet, [claiming to be a very private person], the good friend to his colleagues in the social studies department, and the dedicated teacher, as perceived by his other school colleagues, will be missed in the fall at W-H when the school busses run again and Mr. Fox does not return to W-H. However, his two homes, his three dogs, perfecting his golf game, traveling, and having the time to decide which road to take will obviously keep Mr. Fox busy in his retirement ... and he says he may "even return once in a while as a substitute to W-H".

YOUR W–H FACULTY – A 5 QUESTION PERSONAL INTERVIEW

Q WHY DID YOU CHOOSE TO BE A TEACHER? WHY EVER WOULD YOU WANT TO SPEND YOUR DAY WITH A BUNCH OF TEENAGERS?

A "It is the greatest job in the world. Teenagers have a developed sense of humor and responsibility, and I enjoy sharing my experiences/knowledge with them." Mr. Moriarty

"I actually did choose teaching as a career. I have had several relatives who were teachers, and so, it was an encouraged profession/vocation. I like kids, and I get great satisfaction from giving guidance and instruction to students at this age level, as they are close to going on to work or college." Mr. Gregory

"I didn't. I started out in engineering, but I transferred to Bridgewater in my junior year. A year later, I realized it was a teacher factory and said, "What have I done to myself?" Mr. Valla

"I loved history and wanted to be a coach." Mr. Daley

"Inspired by the movie, "Dead Poet's Society". I love the age group - witty, humorous challenging teenagers." Ms. Iampietro

Q WHAT DO YOU ENJOY ABOUT TEACHING?

A "Interactions with the students and staff ..." Mr. Moriarty

"I enjoy seeing kids develop confidence in their ability to solve problems." Mr. Gregory

"Every year I get a year older, but the students are always young. This keeps one thinking young." Mr. Valla

"Seeing people learn or even get excited about stuff that I teach. Everyday is different." Mr. Daley

"I like the atmosphere. I feel a certain "thrill" in being in school. There's so much energy - similar to a concert." Ms. Iampietro

"The thing I enjoy most about teaching is watching students develop intellectually over a period of time. The look of their faces when they solve a problem or begin to understand a concept is worth every minute of aggravation." Mr. Floeck

MR. EDWARD H. VALLA, Language Arts Curriculum Coordinator (English IV Acad), Driver's Education Instructor

MRS. KATHLEEN L. WILLETT, Health Services (Aide/Clinic)

Q IF YOU HAD IT TO DO ALL OVER AGAIN, WHAT WOULD YOU CHOOSE TO DO AS A PROFESSION? WE KNOW YOU LOVE TEACHING, BUT . . . WOULD YOU CHOOSE DIFFERENTLY IF YOU HAD THE DECISION TO MAKE AGAIN?

A "No!" Mr. Moriarty

"Even in my industrial experience, I used teaching as the basis of my problem solving and team building work as an engineer and manager." Mr. Gregory

"Either a priest or a stone mason." Mr. Valla

"This is all I ever wanted to do and would do it all over again." Mr. Daley

"I'd have taken more art courses and music lessons. However, I'd still want to be an English teacher." Ms. Iampietro

Q WHAT DO YOU ENJOY DOING WHEN YOU ARE NOT TEACHING? DO YOU HAVE ANY HOBBIES? SPORTING INTERESTS? EXTRA CURRICULAR ACTIVITIES?

A "Playing with my two year old daughter, coaching, playing basketball, spending time with the rest of my family." Mr. Moriarty

"I am a semi-professional singer, classically trained tenor. I have sung in major choral groups and have been soloist in major works. I am also a weight lifter and somewhat of a reader." Mr. Gregory

"Woodworking and woodcarving." Mr. Valla

"Travel with my family, coach sports; play sports ... golf, basketball, etc." Mr. Daley

"Practicing guitar, writing poetry; playing volleyball/basketball." Ms. Iampietro

Q HOW HAS THE HIGH SCHOOL LEFT ITS MARK ON YOU? HOW HAS THIS SENIOR CLASS LEFT ITS MARK ON YOU?

A "I don't honestly feel that I have been here long enough or spent enough time with this class to decide." Mr. Moriarty

"I am developing a level of respect for the seniors I know so far, which is a very small fraction of the class." Mr. Gregory

"I have a great deal of pride in our school. It has been a great place to work and grow. The seniors are nice people to work with. They have good basic values. I admire them because they are dealing with a lot all at once and are managing well." Mr. Valla

"Having been a student at W-H and now a teacher here, I would say that much of what I am has been shaped here. I will always remember this class as the year the girls hoop team went to Ireland." Mr. Daley

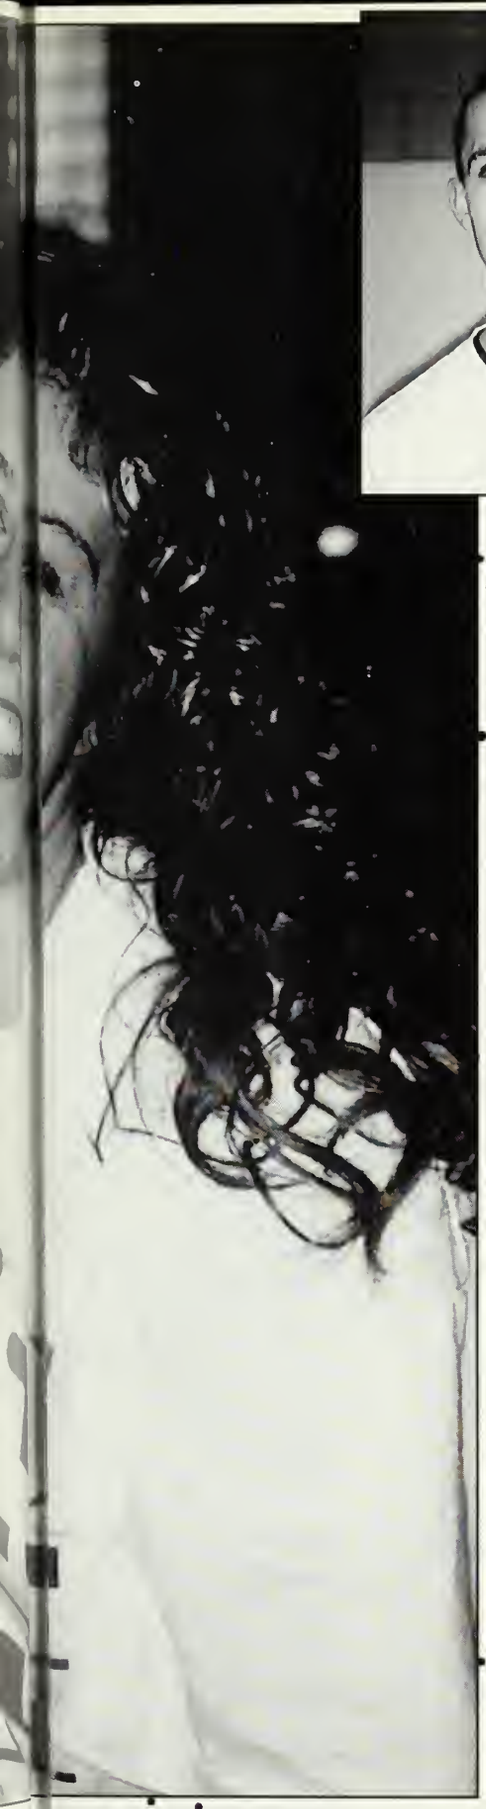
Right: Senior, James Pierce, and Junior, Nicole Booras, have been best friends for the past few years. Nicole says, "Whenever I'm feeling down, he gives me his cute smile and that makes me smile." James says,"Nicole has always been nice and caring; that's why I enjoy hanging out with her. Whenever there has been a problem, Nicole was there to help me. I want to say thanks, and have fun next year without me."

LEAVING THEIR MARK
Below: Jillian Iverson and Barrett Stafford show no stress and strain as freshmen, the most envious underclassmen at W-H. Do they shop for their sweatshirts together and go to the same dentist?

Above: Sophomore, Michael Smith, looking quite meditative, is on his way to Sturbridge Village with his English Class. The poetry which his class is studying is of the same era that Sturbridge Village was founded.

Left: Juniors, Colleen Healy, Jessica Kinch, Kathryn Stone, Susan Lawlor, and Holly Long are shown here relaxing after a hard day's work in yearbook.

Mark Bates is one of the Amazing "Marks." As a freshman, Mark played football and participated in indoor track. Now-a-days, in his free time he works part-time as a dietary aide at the Mildred Alfred Nursing Home in Abington. When he's not working, Mark enjoys socializing with his friends, Kevin McCarthy and Kurt Piccuito. Mark says he likes nature, enjoys walks in the woods, and figures that someday he'll become a hunter. Mark is a junior, currently enrolled in both academic and career level courses at W-H. If he had to pick one class that stands out, he says it would be his history class. Mark chose this class because of his teacher, Mr Floeck, who's always given him a second chance. Mark believes that the teachers at W-H really do care about their students, and in this way they have left their mark on him.



LEAVING OUR MARK

UNDERCLASSMEN

We're Fascinating and Fun-loving

THE CLASS OF 1997 IS NOT THE ONLY CLASS AT WHITMAN-HANSON THAT HAS LEFT ITS MARK. THERE ARE THE FRESHMEN, WHO WILL BE THE FIRST CLASS TO EXPERIENCE THE NEW BLOCK SCHEDULING FOR ALL FOUR YEARS OF THEIR HIGH SCHOOL CAREER. THERE ARE THE SOPHOMORES, A GROUP OF UNIQUE INDIVIDUALS WHO HAVE GAINED FAME THROUGH THEIR COLORFUL HAIRSTYLES. LAST, BUT NOT LEAST, ARE THE JUNIORS. THIS YEAR'S JUNIOR CLASS HAS BEEN THE MOST SUCCESSFUL AND UNITED CLASS TO COME THROUGH THE HIGH SCHOOL IN A NUMBER OF YEARS. LEAVING THEIR MARK WILL BE ONE OF THE MANY CHALLENGES THAT ALL OF THE STUDENTS AT WHITMAN-HANSON WILL CONQUER. IN SOME WAY, EACH AND EVERY MEMBER OF THE CLASSES OF 1998, 1999, AND 2000 HAVE OR WILL INDIVIDUALLY CONTRIBUTE TO MAKING OUR SCHOOL WHAT IT IS TODAY - AND WHAT IT WILL BE TOMORROW!

Left: "A Senior who has left her mark on me is Tasha Grzelak. Whenever I'm down or unsure about myself, she will always be there to cheer me up. For example, one day, Tasha and I were trying out for Show Choir. I kept having my doubts about trying out. I didn't think I had a good voice or that I could sing. I told Tasha and she kept saying, 'Laurie, you have a great voice; you can sing great. Just try out.' So, I listened to her. I tried out, and I made it. I was so happy. LIZ DREWNIAK, FRESHMAN, AND JOHN DREWNIAK, SENIOR

Right: "The graduating senior whom I know best is my brother John. As I walk through the halls of the high school, I often hear, "That's John Drewniak's little sister". John is very kind, tries hard, and sometimes, is even funny! John is also an outstanding athlete as he has run varsity cross-country for all of his high school career (something I only wish I could do), played basketball, run winter track (set school records), and played high school baseball. Number 5400 - YOU ARE MY HERO!"

KATIE JONES, FRESHMAN,
AND ERIN JONES, SENIOR

"My senior idol is my sister Erin Jones. You know, having a sister who is a senior and you being a freshman is a once in a lifetime opportunity. For example, when you pass her in the hall and you pray that none of her friends say anything to you. You know that she would never dare associate with you. Or, when you end up in her gym class and bug the teacher to let you do wrestling. All and all, I figured when the year comes to an end, or when she stops going to W-H, I'll miss those hnge ears of hers and that thing she does with her eyebrows when she is supposedly mad at you but can keep a straight face. I might miss you someday Erin! J/K!!

Thanks Shannon!" Jeffrey Meehan*

Mark (Bench) Standish is an amazing "Mark." As a student here at Whitman-Hanson, "I have learned that cooperative learning in yearbook has really changed my outlook on life. I will always have fond memories of Mrs. Bergquist and my yearbook class! In the future, I hope to go into competition bench pressing and reach 400 lbs. I will always love my wonderful Rachel and hope to one day marry her."

..... SPECIAL EVENTS.....

They Have Been Memorable and Magnificent

THE SPECIAL EVENTS SECTION OF THE YEARBOOK REFLECTS THE GOOD TIMES AND THE LAST TIMES THIS CLASS WILL SHARE IN SPECIAL EVENTS TOGETHER. THESE ACTIVITIES ILLUSTRATE HOW MEMORABLE AND MAGNIFICENT THE SENIORS ARE, WHETHER THEY ARE DANCING THE NIGHT AWAY AT THE JR./ SR. SEMIFORMAL, WEARING THEIR COSTUMES TO SCHOOL ON HALLOWEEN DRESS-UP DAY, OR CHEERING ON THEIR CLASS AT THE THANKSGIVING DAY RALLY. THESE EVENTS ARE WHAT DISTINGUISH W-H FROM OTHER SCHOOLS AND GIVE BOTH STUDENT BODY AND FACULTY A SENSE OF PRIDE. THE SENIORS HAVE ACCOMPLISHED A GREAT DEAL IN THE PAST FOUR YEARS, AND WITHOUT A DOUBT THEY HAVE LEFT THEIR MARK.

Four hundred and twenty Juniors and Seniors gathered with their dates from 7:00-11:00 in the gym for a night of dancing, eating (that great taco dip), and fun. A committee was formed beforehand that planned and decorated to make this a memorable night for everyone.

October 31st is a day like no other at Whitman-Hanson. Students and faculty are allowed to express their comical, radical, and outrageous side. Some of the students may seem a little out of the ordinary as they walk down the halls in their unique costumes. Some students may been seen dressed as babies, hippies, or monks ... even Spiderman appeared this year, dressed up in his costume from when he was eight years old. But, whatever is seen, this is a school with spirit and pizzaz. For some students, this will be their last Halloween to dress up. Hopefully, this day has left a memorable mark on all of them.

HOLIDAY FESTIVITIES

Below: The W-H band warm up before their Christmas Concert presentation.

This year's Holiday Festivities were varied and successful...from collecting money on the traditional penny days ($3,215.09) and going Christmas shopping for needy people, to the UCA All-Stars, Jen Hirtle and Julie Delorey, cheering for the Queen in London. The JV Cheerleaders went to Florida to cheer in the Outback Bowl, an event which they have been fund-raising for this past year. This year's holiday vacation was fairly warm and mild, certainly not like last year's. Another big event is the Patriots winning the AFC Championship. Everyone is so excited about the Patriots making the playoffs and going to the superbowl. Jambalaya!

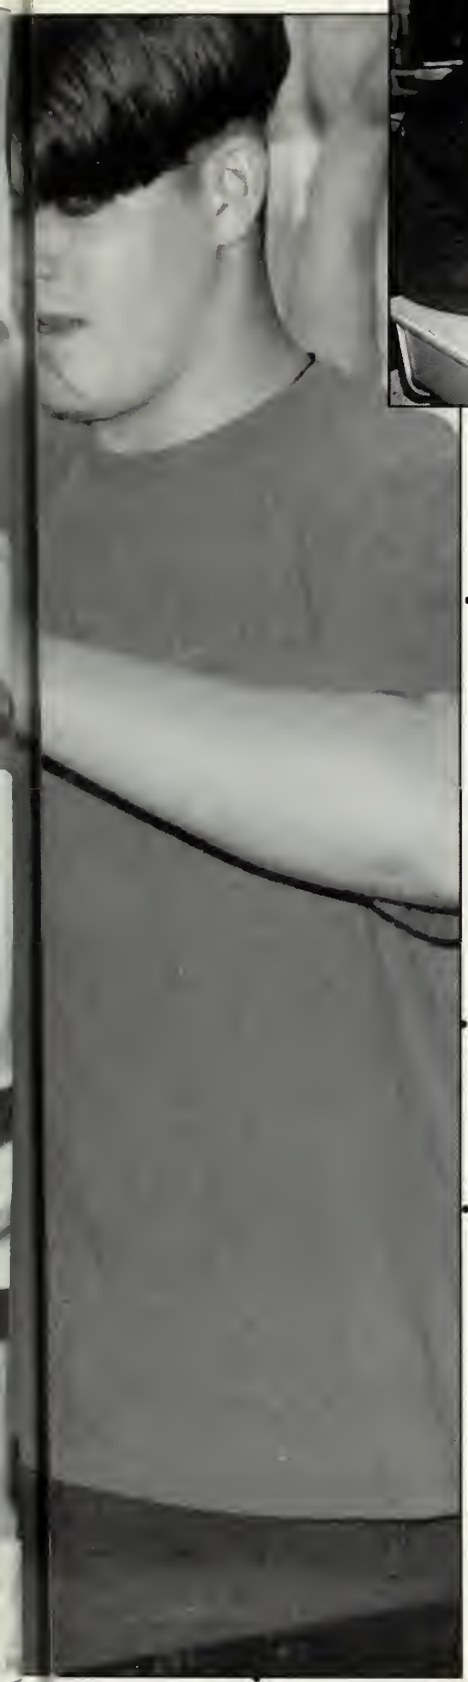
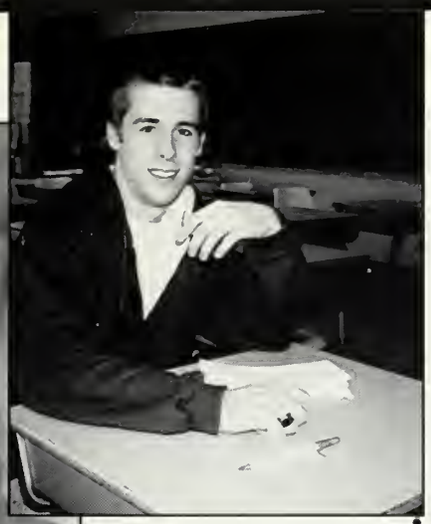
LEAVING THEIR MARK

Below: Being a part of the Yearbook Staff means dedication, creativity, and talent. During yearbook, students need to use their multi-talented skills for writing, photographing, and designing the actual pages of the yearbook. Here Jennifer Lynch poses for an unusual photo taken by Holly Long, while the yearbook class was outside taking photographs to start off the yearbook.

Left: During their ceramics class, Kelly Bevans and Brian Walker are checking out the fimo beads, made by the Recycling Club.





Mark Berry is one of the Amazing "Marks." Having a part-time job freshman year, Mark realized that he would rather work than be involved in school activities. He says, "I kind of stayed out of total school involvement." He feels that he has left his mark by being an individual and not following the crowd. He believes that it's a good thing not to give in to peer pressure... that he's independent and happy with himself. Mark's most prized possession is his 1968 Firebird convertible, which he is restoring ... with great pride. "Maybe it will be finished by the time I graduate, or maybe never."

ACADEMICS

We're Difficult and Diverse

THE ACADEMIC SECTION OF THE 1997 YEARBOOK FEATURES HOW DEDICATED TO THEIR STUDIES THE STUDENTS OF WHITMAN-HANSON TRULY ARE. THIS YEAR, ONE OF THE MOST DIFFICULT CHANGES TO ADAPT TO HAS BEEN THE NEW BLOCK SCHEDULING. WITH THE NEW FOUR CLASS SCHEDULE, STUDENTS' GRADES ARE ON THE RISE AND DISCIPLINARY ACTIONS ARE ON THE DECREASE. HAVING ONLY FOUR CLASSES EACH DAY GIVES THE STUDENTS MORE OPPORTUNITIES TO WORK TOGETHER AS A GROUP AND ALONE AS INDIVIDUALS. ACADEMICS AT W-H ALLOW STUDENTS TO LEARN IN A VARIETY OF DIFFERENT WAYS. BY GOING ON FIELD TRIPS AND ATTENDING ASSEMBLIES STUDENTS CAN LEARN IN OTHER ENVIRONMENTS THAN JUST THE CLASSROOM. WITH ALL THE INTELLIGENCE THAT THE STUDENTS AT WHITMAN-HANSON GAIN, THEY ARE SURE TO SUCCEED IN THE REAL WORLD AND FULFILL THEIR DREAMS BY LEAVING THEIR MARK IN THE FUTURE.

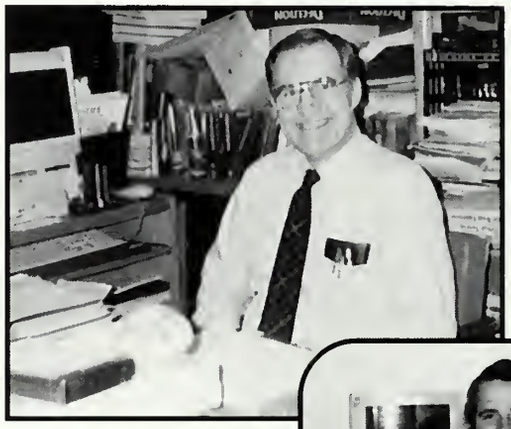
Block Scheduling



Left: Mr. Cliff Martin, Math Curriculum Coordinator, thinks block scheduling is easier for students, but his desk demonstrates that it may not be all that easy for the teachers... so much material ... so little time.

Above: Sitting at his desk, obviously proud, Mr. Robert Gay, W-H Principal, says, " Block Sceduling has been a major success."

Above: Mrs. Shirley Howard, W-H's Guidance Director, points to one of the three new multi-media computer systems in the guidance office. Students can access information on potential careers, colleges, and financial aid.

Above: " The same number of students are eligible for W-H's sports teams this year as last year, but block scheduling has raised the standards of eligibility for the players." says Mr. Robert Bancroft, W-H Athletic Director. This year students need to pass 75% of their classes; last year students needed to pass only 60% of their classes in order to be eligible to play sports.

Right: A leader in her own right, Mrs. Anne Meserve, Secretary to the Principal, says that the noise level of the school is down, and the main office door doesn't have as many students passing through due to block scheduling.

Thumbs up on block scheduling is the overall attitude of the administrators. There seems to be no disagreement about the many positive aspects of block scheduling.

Mr. Robert Gay, W-H's Principal says, " The four by four block scheduling has been a major success in its first year of implementation at Whitman-Hanson. The Honor Roll has grown by approximately 40%, the student failure rates are down, discipline problems have decreased and, staff, students, and parents report they would not want to return to a seven period schedule. The four by four schedule will continue to be monitored closely by the Administration with the purpose of maximizing the many benefits associated with extended periods."

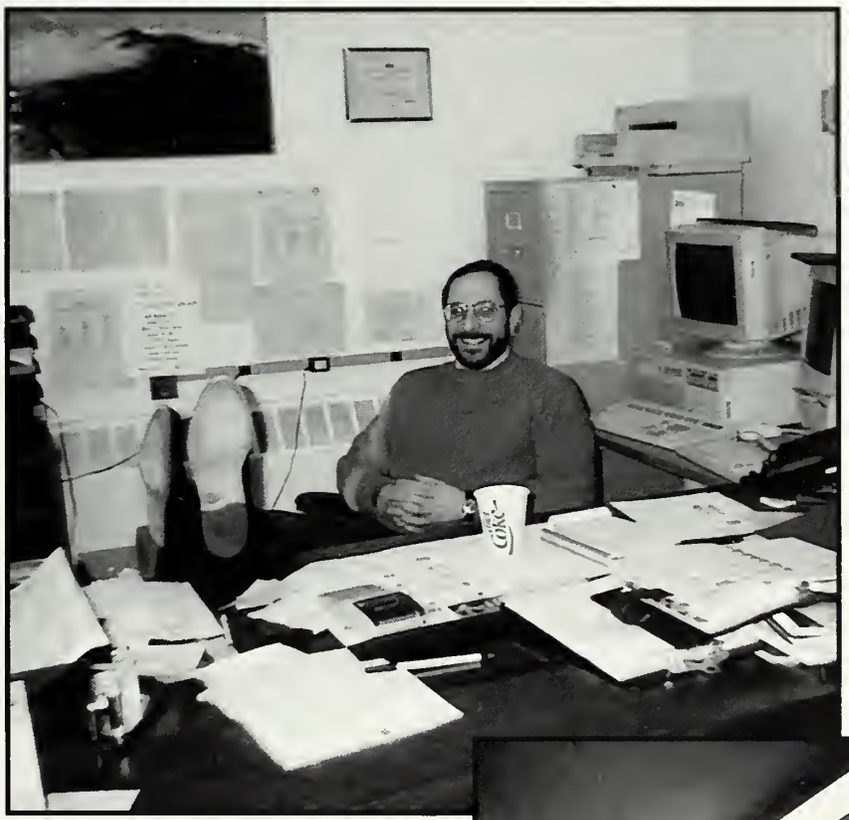
Assistant Principal Edwin Walsh says, "The good teachers of the school have gotten even better with block scheduling." Assistant Principal Paul Alperen seems to agree when he tells about the statistics. "Referrals are down 23% and suspensions are down 50%."

Complaints are at a minimum, according to Math Curriculum Coordinator, Cliff Martin, who says, "basically only students who lack the power of concentration and/or lack good study habits complain."

Some suggest waiting a year or so to accurately establish an opinion on block scheduling ... but to the administrators it's clear that it's two thumbs up.

Left: Mrs. Judy Huska, Secretary to the Assistant Principals, says, " Nothing for me has changed since last year." She is certain that block scheduling will remain, but perhaps with some changes for next year. One change which she would like to see incorporated would be reestablishing homeroom at the very beginning of the day.

Below: Mr. Mark Stephansky, Science Curriculum Coordinator, thinks that because of block scheduling, the Science teachers have more time for labs ... however, here, with Science colleague Mr. Daniel Moriarty, they devise a test that will keep the Biology students in their seats and not on their feet.



Above: Mr. Edwin Walsh, W-H's Assistant Principal, is all wrapped up with his paperwork; block scheduling doesn't seem to have made his life much easier.

Above: Mr. Paul Alperen, reflecting on his comment that the referrals and suspensions are lower than last year ... takes time from his still very busy schedule to catch up on another important part of his day ... meditating about his next vacation in Aruba.

Block Scheduling is new at Whitman-Hanson Regional High School. Instead of fifty minute classes and seven mods, the classes are ninety minutes long with four rotating classes. In its final year at W-H, the senior class at first thought the new block scheduling would be hard to adjust to, but in the end, most students have found it to be very beneficial.

"What I like most is the fact that I have a lot of time and opportunity to get my questions answered, and I only have four classes to worry about," says Paula Post.

"My grades have improved," adds Kara Shepard. Anne Schlieff agrees, saying, "I think block scheduling should have been introduced a long time ago, because my grades have gone up."

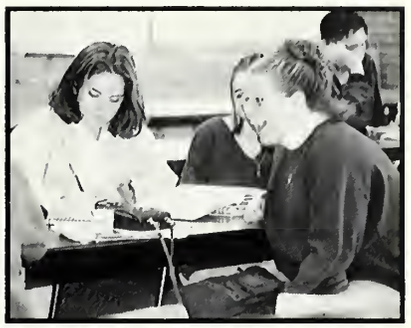
Why grades have gone up isn't clear, but Jen Counter says, "I don't have to prepare for as many classes." Erin Ring adds, "Block scheduling has helped my grades by giving me more time to concentrate on fewer classes." In addition, according to Katie Condon, block scheduling has helped because there is more time "during classes to do classwork and ask questions."

Below: Elizabeth Kelliher loves block scheduling, because she can spend more time in Calculus with Mr. John Souther.

Above: Jason Gomes says, "Block scheduling is excellent because it helps out us junior/seniors so we can graduate with our class." Richard Duhaine adds, "I feel rotating periods aren't too great because I can never remember which class I have."

Below: Scott Nascarella exclaims with great emotion, "Block scheduling is the best thing that ever happened to me."

Below: Maura Paulsen says, "Thank God I'm a Senior!"



Right: Brian Locke puts some finishing touches on his latest poem ... an excerpt of which follows:

WHITMAN-HANSON (Graduation Poem)

Suddenly ... cloudlets disappear over here,
bye Whitman-Hanson High, saying good bye, *day* ...
Happy thoughts of Drama and Writing with a tear,
saying bye to all my friends in all doings ... *fair* ...
awaiting oh, further love. Oh, enjoying years.
You giving me all times heard, on wings,
leaving our mark, in good hands lent out to you ...
May there be encouragement in harmony...
... Brian Locke

In addition to block scheduling, rotating periods are also new at Whitman-Hanson Regional High School.

Because of the rotating periods, more seniors than last year can avail themselves of senior privileges. Whitman-Hanson school policy states, "In an effort to acknowledge the growing maturity of our grade 12 students, and in recognition of our firm belief in their need to become independent, self-disciplined adults, the Whitman-Hanson Administration supports the concept of a Senior Privilege program." Senior privileges are granted to seniors who have paid their class dues, have passing grades, and display acceptable behavior at all times.

Seniors who have qualified for senior privileges are allowed, depending on the schedule rotation, to sign into school one period late.

Some students, in addition to students with senior privileges, also have the OK to leave school early. Seniors who participate in the Partners in Business Program leave school before Period D and report to their job in the field they might want to pursue after high school. Kristie Cook says, "I work at Whitman Middle School with special needs students. This has helped me to decide on my future plans."

Block scheduling was introduced at Whitman-Hanson Regional High School this year. Most underclassmen have found the schedule easy to adjust to.

Junior, Corinne Holden says, "Class is a lot more fun when you get to work in groups." Group work is one of the many teaching methods teachers use. However, some underclassmen such as Grace Baldwin say, "As much as I like the new schedule, I still miss having studies and seeing my friends more often."

Though there were many mixed feelings about the new schedule in September, and it was somewhat difficult to get used to, everyone has gotten by. Some students, such as Kevin Vacca, think, "even though classes are longer, if you are involved in a group project, the class does go by faster." "Less homework definitely makes people happier," comments Sophomore, Erin Weber."Out of everything we get out of block scheduling, less homework is definitely better." Freshman, Greg Pennini remarked, "I really wouldn't change anything about Block Scheduling; I like it the way it is."

Block Scheduling has made alot of peoples' year much easier to deal with, especially since there are four classes in a day. Junior Jay

Overall most of the underclassmen admit that block scheduling has left a positive mark on the 96-97 school year.

Block Scheduling is new at Whitman-Hanson Regional High School and has overall received a positive response.

Some of the teachers feel that it is better to cover course material in a half a year instead of spreading it out over an entire year. This way students can be more focused on their studies. Block scheduling also allows the teachers to give more details on certain topics, even though not as much material may be covered.

Regarding extra curricular activities, Mr. Robert Resnick has no problem planning field trips for the Student Council with block scheduling, and even though the students will be missing some class time, they will still be getting an educational experience. Mr. Twohig feels that there is more understanding time for the students, even though there is less material covered. Mrs. Joyce thinks that the students have a better understanding when they leave class. According to Mr. Chaskes, the students can give more effort and time to each class.

In contrast, some teachers feel that there are negative aspects to block scheduling as well. Mr. William Twohig feels that "in block scheduling there's a backsliding of knowledge in certain classes." This is due to the fact that instead of having a summer between the courses, there may be a half year plus the summer. Mrs. Joyce, math teacher,

says that absences are harder because there is more work to make up and this makes it easier to fall behind in a class. Another negative is that if a teacher wants to plan a field trip, the teacher has to take into consideration the lost class time.

"Block scheduling puts pressure on both the students and teachers. The teachers have to try to cover the same amount of material in a half a year instead of a whole year. Mr. Resnick feels that the pressure is self imposed. Mr. Twohig agrees that there is some pressure. Block scheduling is just going to take some getting used to. Mr. Chaskes says, "Different teachers have a variety of reactions; most have been willing to give it [block scheduling] a fair chance."

Block scheduling has definitely made things different here at W-H Regional High School.

Block Scheduling is new at Whitman-Hanson Regional High School. Everyone has worked hard to get used to the new schedule. Electives are designed to be enriching, and most of the elective teachers say that they like block scheduling because it allows more time for fun.

"Foods class used to be a rush, and there wasn't time for certain projects," Foods and Nutrition Teacher Mrs. O'Connor says. "It's definitely more leisurely now. We actually have time for a real dinner."

In the fine arts classes, like photography, computer graphics, and theatre arts, there is more time for activities like going outdoors to photograph nature. Mr. Matthew Delaney, Fine Arts Teacher says, "Block scheduling provides much more work time for students ... before, if you added up the time they spent on set up and clean up, there wasn't much time left to become involved in a project." For most elective teachers, this would be the case. Usually, there was too much to do to prepare and not enough time to work on a project.

Mrs. Sandra Allan, Gym and Health teacher, says, "I like block scheduling because there is more time to complete an activity," but sometimes I feel rushed because I can't cover as much material as I used to." Most of

the elective teachers get new students every term. Mrs.Veronica Fitzgerald, Art Teacher, says, "I like block scheduling ... I meet a lot more students."

Another element of the block scheduling is the rotating periods. Most of the elective teachers say that they like the weekly rotation because they don't see the same students at the same time every day. However, Mr. Olivieri, Band/Chorus/ and Musical Teacher, says, "Things were tough before, but now it's worse. The rotating schedule creates a big problem for me, because I have to leave to teach somewhere else in the middle of class on certain weeks."

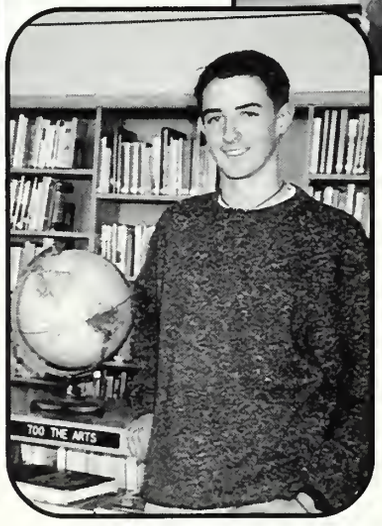
Above: "Block scheduling is OK, just as long as you have a creative teacher," says Senior Matthew Monahan.



Block Scheduling has become a large part of W-H student lives, as well as the prospect and desire to succeed. 1996, the "year of the Block", has proven to be one of the most academically sucessful years that Whitman-Hanson has ever seen.

According to the studies recently made by Assistant Principal, Mr. Paul Alperen, the honor roll is up 40%, and high honors are up a whopping 112%! Along with the improvement in G.P.A.s has come a drastic change in the attitudes of students, with suspensions down a dramatic 50%. Language Arts Curriculum Coordinator, Mr. Edward Valla agrees with the success of the program saying, "The highest grades ever [have been] given to students, [and there has been] a substantial improvement in all aspects." "My kids are focused on work more, they are less stressed, which makes them successful; half the school made Renaissance; it's great!"

Students are proud of themselves and their achievements, and with block scheduling ... there's sure room for more.

Above: Senior, Richard Pierce, stands proudly next to his locker which he has spent the greater part of the year adorning with gum. According to the custodial support staff, Richard will provide his own support services, as he will clean his own locker before he graduates.

Right: Mrs. Mary Paul, Main Office Attendance Secretary, says that one change due to block scheduling is that home calling for absentee students is now being done by duty aides rather than by teachers.

The support services a school offers transforms an institution of learning into a total environment for the student. Academic and elective courses are important, but no school can function successfully without a staff of support personnel, including ... guidance counselors, library experts, cafeteria workers, secretaries, and of course, custodians. Block scheduling has affected some of these individuals more than others.

According to Mrs. Shirley Howard, Guidance Director, "the teachers, students, and counselors have learned to meet each other's needs." Although there is less opportunity for students to get to guidance, teachers are flexible and have been cooperative in allowing students to see counselors when necessary. "Block scheduling didn't create any problems that couldn't be resolved," says Mrs. Howard.

The cafeteria, run by Mrs. Debra Seger has been impacted to a greater extent because of block scheduling. Due to the elimination of most study halls, many of which met in the cafeteria, the profit from the snack bar has seriously declined. This profit in the past was used to offset the cafeteria deficit. Each lunch which the cafeteria turns out

osts $2.00; students are charged only $1.25.

The custodial staff says that block scheduling has definitely made for a cleaner building. There is less writing on lockers, less destructive behavior in the corridors, and less ood and paper on the floor. This is due to the fact that the students are in the corridors nly half as much time as they had been in the previous year.

"The clinic traffic is just about the same as it has been," says Mrs. Gail Lambert, W-'s nurse. "With the longer periods, some students would like to stay in the clinic the full minutes," says Mrs. Lambert, "but, we try to get them back to class in 45 minutes."

Right: Jennifer Peters, Kristen Gedney, Danielle Nelligan, and Angela Vecchione congratulate Elizabeth Kelliher on a great goal she had just scored against D-Y. Kristen Gedney (22) says, "The girls had a lot of fun with David Floeck as the new head coach. Even when there was an occasional loss, no one would get down on herself because we all did our best. Mr. Floeck would try not to be too hard on us. Overall, the team played really well throughout the season."

VOLLEYBALL IS LEAVING ITS MARK

Mark (Mouse) Miles began his hockey career at a young age. He excels at playing center and left wing. He is the one who has to control the middle of the ice and keep his players in their places. He is looking forward to having a good season and a shot for over 500. " Everyone has the misconception that all hockey players do is hit each other, but they don't," Mark explains. " It's 20 percent physical and 80 percent mental." Next year he plans on playing hockey at either North Adams or U Maine. Hockey has left its mark on Mouse by making him buckle down in his studies and by keeping him out of trouble. Mouse has left his mark on hockey by "Coming out of my brother's shadow and leaving a positive mark by myself."

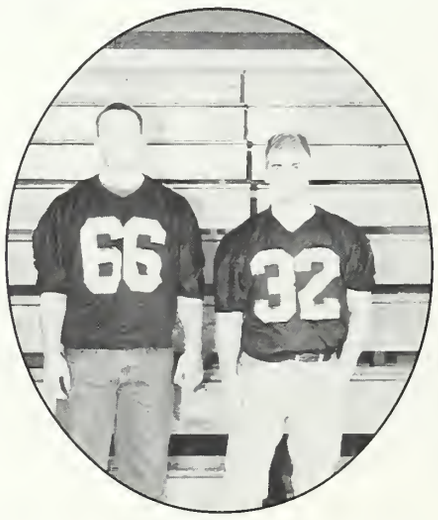
The Panther Football Team continued its winning tradition by finishing up the "96" year with a 7-3 record. The team overcame many obstacles during the season, especially injuries which hampered the team all year. In almost every game, at least two starters were lost due to injury. Although the Panthers did not capture the ACL Championship this year, the pride of the Panther Football Team showed in the spirit the team portrayed, battling back to beat Randolph after two hearbreaking losses to Marshfield and Rockland. A Thanksgiving win over Abington concluded the season on a positive note.

FOOTBALL

After losing both Captains, Timothy Welsh and Mike Loring, to injury, the team looked for leadership from seniors including Mike Finley, Mark Standish (ACL All-Star), Mike Foster, Matt Daley, Bill Hurley & Doug Hurley. Pride was a big part of this year's team. Despite the discouraging losses and discouraging words of even their own peers in the alternative Whitman-Hanson halls, the Panthers fought their way to a winning season and a continuing tradition of Panther Pride.



Captains, Mike Loring and Timothy Welsh, demonstrated leadership skills by setting bench pressing records that the rest of the team could look up to and strive to reach their size. Captain Mike Loring was named as an ACL All-Star despite the injury which kept him out of play most of the season.

BOYS SOCCER

The Boys Soccer Team had its most successful season by making it to the tournament and winning in the first round 4-0. Although the Panthers record looked deceiving (8-7-3), they were the best group of players ever assembled under Coach James Barrington. The defense and goalie Brian Murphy set a school record with ten shutouts smashing the previous record of five. They also held the #1 team in the state scoreless through just over three quarters of the tournament game. They were eliminated in that game 3-0. " The team's effort this season was unbelievable!" says Coach Barrington. "They gave up the fewest goals and had the most shutouts. This group of players refused to give up and were the most competitive team ever."

This year the Girls Varsity Soccer Team played some of the best soccer the school has seen for many years. Led by Elizabeth Kelliher, Kristen Gedney and Angela Vecchione the girls faced three of the top ten teams in the Atlantic Coast League, which is the best league in the state.

GIRLS SOCCER

This year was the first year for a long time that the team had a new coach, Mr. David Floeck. He always had a positive attitude going into every game and believed that the girls could be the A.C.L. champs. When the season finally ended, the girls were not the champs, but did finish up with a 11-5-2 record. The girls lost to Needham in the first round of the tournament when they scored the only goal of the game with under two minutes left. Overrall the season was a "wonderful experience".

The Panther Boys Cross Country Team had another great season running right by the Atlantic Coast League competition with their sixth straight league championship. The team was led by senior captains and ACL All-Stars, Steve Park, Nathan Billings, John Drewniak, and Matthew Small and Scott Wisnaskas who were also Brockton Enterprise and Patriot Ledger All-Scholastics. The Panther runners won the South Shore Principals Championship for the third straight year, placing five runners in the top ten which is an extraordinary task to accomplish. Also, they placed second to eventual state champion Gloucester, at the Catholic Memorial Invitaional and Eastern Massachusetts Championship Meet.

CROSS COUNTRY

The Panther Girls had themselves a pretty good season finishing with a hard fought 5-4 record. The girls were led by ACL All-Star sisters (junior) Julie Murray and (freshman) Maura Murray. Michelle Umano, also a freshman, was a big contributor to the team as the number three runner. Captains Kim Nawrocki, Annie Wisnaskas, Christina Hennessey, and Maura Paulsen showed great leadership and kept the girls spirits up throughout the season. The girls finished third in the South Shore Principals Meet; as a team it was their best finish since 1984.

Seniors Jennifer Medairos #18 and Melissa McQuarrie #25 bring a lot of leadership to the volleyball team.

The Girls Volleyball Team left its mark on Whitman-Hanson this year by being the first volleyball team in school history. The school chose volleyball as its new women's sport because of its growing popularity and its economical aspects. In Whitman-Hanson's Pilgrim Conference alone, there were five

VOLLEYBALL

new volleyball teams. As well as advancing women's sports, volleyball has rejuvenated the true meaning of sport: to have fun with no preset attitudes. The Volleyball Team faced inexperience with both players and coach. With only one senior and four juniors in the program, the team relied on the leadership of Captains Melissa McQuarrie, Kate Bernier, and MVP Ilea McKinney. In a school where sports are taken very seriously, Volleyball has left its mark on W-H by being fun, and as Coach Daley said, "It's given him a perspective of what sport really is."

The 1996 Varsity Football Cheerleading Squad had a great season. Throughout the year, the enthusiastic girls kept the spirits high of both themselves and the football players. The Varsity Squad entered in the Emmanuel College Cheerleading Competition and placed second. These cheerleaders had two All-Star Captains and six other cheerleaders who won a bid to participate in the Citrus Bowl held in Florida. The 1996 Varsity Basketball Cheerleaders also had a very spirited season. Although they did not enter into any competitions, they kept both the fans' and players' energy and Panther Pride high.

Each student represents both Whitman-Hanson High School and himself as an individual. Participants take part in both the Regional and State Special Olympic Games in their events. The team attends the State Summer Games in Boston each June. This year, for the first time, the team also attended the State Win

The Special Olympics Panthers are: Brian Locke, Lisa Joseph, Bill Campbell, Ryan Wiggs, Kurt Dosenburg, Kim MacDonald, Jackie Deegan, Kellie Ward, Matt Carpenter, and George Bernard. Mr. John Odom is the coach.

The team would like to extend its thanks to all of the parents, students, and staff volunteers who offer their support in many areas. A big vote of thanks to Coach Moss who helps with the Special Olympic Organization on a local, regional, state, and national level.

The annual Whitman-Hanson Recognition Assembly for the special athletes is held in the spring. They are honored for their accomplishments by fellow students, teachers, administrators, and parents. This event, which is held in the school auditorium, is a very valuable part of the Special Olympic experience.

The W-H Girls Basketball Team has had an impressive 11-4 season. The two wins against Plymouth North, one by ll and one by 13 points were memorable, especially the win at Plymouth North itself. The win against Hingham on January 31st, ending with a score of 56 to 29, determined the girls entrance into the Atlantic Coast League Tournament.

The three seniors included, Kristen Gedney, in her lst year as a

starter, who was a steady shooter, Tia Cleckley, also in her first year as a starter, who could, "jump higher than anyone else in the league," and senior, Melissa McQuarrie, Co-Captain, a two year varsity player who was the starting center.

The girls team members recognize their on the floor basketball success was due to several factors; first is their ability to work together as a team. "What games we lost," says Melissa McQuarrie, "were lost as we weren't playing as a team." In addition, the girls are all friends off the court also. "There just isn't any dissension in the group at all," adds McQuarrie. The second factor which has helped to determine success is the coach. "No matter what goes wrong, he [Coach Daley] continues to encourage us, whether we win or lose," says McQuarrie.

The team works hard all year; the members belong to a summer league that practices three nights a week and a fall program which practices on Saturdays with several school districts in the area.

The 1997 Boys Basketball Team is the best team that the school has seen in years. The experience level and the personal togetherness of the team members outside of practice have combined to form one very succesesful team.

Captains William Hurley and Kevin Cadres have been starting players since their sophomore year and were both ACL All Star elects as juniors. Hurley, is a consistently high scorer, along with Rob Gould, Kevin Cadres, and Craig Delgiacco; strong defense is provided by Matt Small, Jason Edgerly, and Seth Pierce to shut down their top opponents.

BOYS BASKETBALL

The team began the season with a straight five wins; the most outstanding game of the season was W-H's victory against Randolph, with a last second shot to win the game by Rob Gould. W-H's successful final record of 10-10 won the team a place in the Division Two State Tournament for the first time in ten years.

Of his team, Coach Sweeney said with pride, "This has been an outstanding group of young men with a remarkable work ethic and dedication to each other."

The boys winter track program of W-H this year is one of the best. The team, led by captains Scott Wisnaskas, John Drewniak, and Rob Munstis, had an undefeated season and captured the league championship. Scott Wisnaskis, Nate Ross, and John Drewniak set new school records and John Drewniak also got a league best in the 1,000. Long time track coach for each of the track sports, Coach Kevin Black never ceases to teach the team about racing skills and good sportsmanship.

HOCKEY

The W-H Hockey Team has faced some tough challenges this year. With a record of 1-13 into a twenty game season, the team players haven't been getting the breaks, third periods have been killers, and the final scores have been disappointing.

The toughest game of the season has been against Rockland. The team members played their hearts out and were leading with a 4-2 score, but Rockland came back with two quick goals and they eventually won the game with a score of 5-4.

Another tough game was the expected win against Abington which ended in a losing score for W-H of 5-0.

Outstanding players for the team have been: James St. Croix, defense/forward; Douglas Hurley, forward; Brian Cushing, Goalie; and Adam Emery, forward.

The team practices at 4:45 a.m. three mornings a week and on Friday afternoons and averages two games per week on Wednesdays and Saturdays.

Head coach this year has been David Pierce; Assistant Coaches have been Joe Bina, Richard Manning, and Joe Devine.

Competition Cheerleading Squad Captains: Jennifer Hirtle and Julieann Delorey

This year's 1996-1997 Competition Cheerleading Squad consists of two seniors, seven juniors, four sophomores, and six freshmen. The girls practice everyday after school from December through April. Although the girls qualified to compete at Myrtle Beach for a third year, they decided to stay in New England and enter into five other competitions. Captain Julieann Delorey says, "Competition Cheerleading is just like any other sport. After all the bruised arms and pulled muscles, we still have to perform and put on a smile." We wish the girls good luck during their season.

HOCKEY & COMPETITION CHEERLEADING

The Varsity Hockey Cheerleaders also had a good year under the leadership of Captains Angela Picciandra and Rebecca Vail. The eleven girls made it through the cold season by supporting the Hockey players through all of their wins and losses. The girls worked hard to keep the spirit up, and their efforts were obvious at the games.

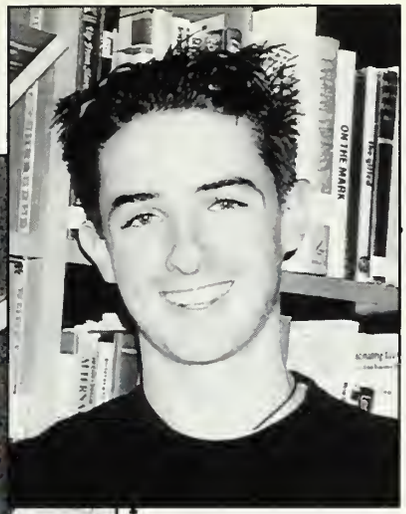
Here, winner Jessica Kinch meets with Mr. Robert Resnick, Student Government Day Advisor, to get a packet about what the day will involve. Congrats Jess!



Mark Doyle is yet one more of the amazing "Marks". Mark says, "W-H has left its mark on me through its teachers. At least one teacher from every department stands out in my mind: Mrs. Anderson in the English Department and of course the Fine Arts faculty." "I didn't leave my mark in the standard way; I never played football or gained highest honors, but in the Drama Club and on the stage I did. Mr. Mark McNeil has revived a dying tradition here at W-H making theater stronger than ever." Mark Doyle is the first recipient ever at W-H of the Acting Achievement Award, a perpetual plaque that will stay in the trophy case long after he has left. The theater has become not only a hobby for him, but a passion that he plans to pursue in college."My experiences at W-H, both positive and negative, have had a large part in making me what I am today; I've learned academic and social lessons that will take me far in life; I'll always look back on my friends and good times at W-H fondly."

CLUBS & ACTIVITIES

We're Unique and Unified

THERE IS SUCH A WIDE VARIETY OF CLUBS AND ACTIVITIES AT WHITMAN-HANSON. IN ONE WAY OR ANOTHER EACH ONE OF THESE GROUPS HAS SOMEHOW LEFT ITS MARK. DURING THE CLASS OF 1997'S FRESHMAN YEAR, THE CULTURAL AWARENESS CLUB WAS FORMED, LEAVING ITS MARK BY BECOMING A CLUB WHICH FOCUSES ON STUDENT DIVERSITY. THE DRAMA CLUB'S EXCEEDINGLY STRONG PERFORMANCES HAVE PROVEN THAT IN ALL AREAS W-H CAN RISE ABOVE THE REST. THE CLUB THAT LEAVES THE DEEPEST THOUGHT IN EVERY UPPERCLASSMAN'S MIND IS STUDENTS AGAINST DRUNK DRIVING (SADD). EVERY OTHER YEAR BEFORE PROM TIME, SADD REINACTS A DRUNK DRIVING ACCIDENT INVOLVING STUDENTS ON PROM NIGHT. THE CLUBS AT W-H AFFECT NOT ONLY THE STUDENTS AND FACULTY BUT ALSO THE SURROUNDING COMMUNITIES.

Odyssey of the Mind is a club which helps students learn divergent thinking and problem solving skills while participating in a series of challenging and motivating activities, both inside and outside their regular classroom curriculum. Each year, the team must choose from a list of problems. They then compete with other high school teams in southeastern Massachusetts solving the same problem. This year the team chose the baloonacy cars problem. This problem requires that the teams design, build, and run three small vehicles that will break moving and stationary balloons. Each car will be limited to the number of scoring runs it may make. One of these cars will be the carrier, which will be run to transport the other cars, in addition to breaking balloons. The time limit is 8 minutes and materials used cannot exceed $100.

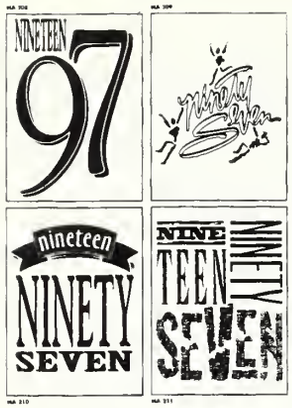
A MARK LEFT ... THE CLASS OF 1997



LEAVING OUR MARK: W-H Senior Advanced Placement Students, leave their mark ... two sonnets for posterity. Not even the sands of time can smooth away their impression. Students worked under the direction of Mrs. Beth Anderson, W-H Senior Advanced Placement English Teacher, to compose their final goodbyes to Whitman-Hanson Regional High School. The two sonnets, the first a Shakespearean Sonnet and the second a Petrachan Sonnet, prove that through poetry words can be immortal.

How do we say our last good-bye to you,
To all the peace, comfort and amity,
To all the years that seem to be so few
And to take with them our one security?
Our lives ahead we wait with hope to see
As these familiar days come to their ends.
We brace ourselves for life's uncertainties;
Dare we follow the course with all its bends?
As we ponder the ways to leave our friends,
We talk of letters, messages and such,
But no matter the count of notes we could send,
it will not be easy to keep in touch.
But we have the solution we suddenly realize
To save our mem'ries; we need no good-byes.

Our presence here will not soon be forgot.
Although our voices will be heard no more,
Our spirits will still fill the halls with thoughts
Which will give wings to those who seek to soar.
Through all the seasons we have left our mark
With the titles we've won and the records we've set.
All the things we've done have lit a thousand sparks
In the hearts we've touched and the friends we've met.
Our future years will launch us on our quests
Both far and near, but we'll always be in touch.
New places, new friends, new ways to seek the best,
But though the paths of our lives will change so much.
And though we now travel on our separate ways,
We've left a mark to last through all our days.
